Why is this flag here and why is it upside-down?

The person who put this flag here is part of an initiative called THE GLOBAL WALKOUT.

We stand for freedom of speech, religion, movement, thought, choice and assembly.

The flag is upside-down to show that our country is in distress. There is a globalist push for digital IDs, a one-world government and a cashless society that will negatively impact this beautiful country.

WE WILL NOT LET THIS HAPPEN!

Are you sick of government overreach and want to stand for freedom too? Join us www.globalwalkout.com
